

FOOTWEAR FIT GUIDE

Directions to determine shoe size:

(Before you begin, put on socks that you will use with the particular style of footwear you would like to purchase.)

1. Place against a wall or other 90 degree surface.
2. Place heel against the wall on flat surface.
3. Mark the end of the longest toe with a pen.
4. Measure both feet and use the largest measurement.
5. Read measurement and compare to size chart.
6. When comparing on the size chart, determine the closest measurement and use that number to determine your shoe size for your country shoe measurement standard.

MEN'S

FOOT MEASUREMENT	EU	UK	US
243.0 - 247.0	40	6	7
